

Xtek

Engineering Services Group

Xtek's Cincinnati Campus

Xtek: World leader in components for heavy industry for over 100 years.

- Xtek is an employee owned, ISO 9001 certified company, with plants in Cincinnati, Ohio; Hammond, Indiana; and Plzen, Czech Republic
- Bradley Lifting is an Xtek subsidiary with headquarters in York, Pennsylvania.
- Member of AGMA, AIST, ASME, ASM
- Over 60 engineers and metallurgists on staff
- All heat-treating, engineering and manufacturing performed in-house

Engineering Services Group

Maximizing Throughput

The Engineering Services Group works with customers' maintenance and operations personnel to maximize productivity, quality and reliability across all primary systems and sub-systems including:

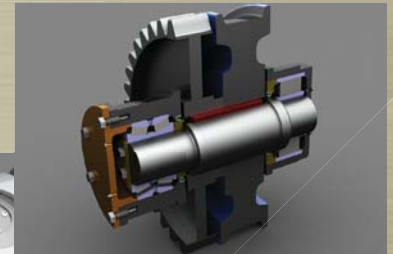

- Downcoilers and their drive systems
- Rolling mill equipment and drive trains
 - Flat rolled
 - Plate
 - Long products
 - Bar and rod
- Shear systems
- Runout tables
- Gearboxes
- Conveyors
- Ball & rod mill drive trains
- Crushers & pulverizers
- Below-the-hook lifting equipment

Reducing Downtime. Increasing Peace of Mind.

After conducting a thorough on-site inspection, Xtek and Bradley service engineers will mobilize over a century of mechanical, metallurgical and application experience to support your own maintenance staff – providing a fresh look at how to increase throughput, component life, and product quality through:

- Maintenance seminars
- Equipment inspections and certifications
- Engineered upgrades for enhanced component solutions
- Access to planned and emergency repairs
- DriveWatch mill monitoring systems
- Failure analysis
- Reverse engineering services
